

The Nativity Experience

As part of our Christmas celebrations at Eastleigh Baptist Church we are opening up to the community an opportunity to go on a journey through the Christmas Story.

We are creating a Christmas Labyrinth in our main church building which is inviting people and children from the community of Eastleigh to come and explore the characters and events of the Nativity.

Through this experience your child will be interacting with storytellers, walking through wondrous scenery and taking part in games and activities. The aim of this experience is to engage your child in the wonder of Christmas and to learn about it's importance to Christians as well as supporting the teaching of the RE curriculum in your school.

We hope that your child will enjoy this exciting opportunity and have fun discovering the ideas and the wonders of the Christmas Story.

If you would like to see the labyrinth yourself then please feel free to come along and experience it on Saturday 21st Nov. If require any further information please feel free to contact Rev Chris Walker at Eastleigh Baptist on 02380 613210
