

## ***Compton All Saints' Mission Statement***

***At Compton All Saints' C of E Primary School the staff and Governors are committed to the progress, attainment and well-being of everyone in school.***

*We seek to provide education of the highest possible quality in an environment underpinned by Christian beliefs and values, where children from all faiths and none learn how to become good friends, hard workers and confident individuals. We believe that everyone can shine and that our school should be a place where all learners have the encouragement, support and opportunity to do just that.*

*At Compton, we care about each other and our school. We are proud of our good relationships with parents, carers, All Saints' Church and the wider community. We consider these relationships and our Church Aided status to be essential factors in our success.*

*Our core values are compassion, honesty and gratitude. These values form the basis of the work we do in developing children's moral and spiritual growth. We believe that spiritual growth requires us to develop relationships with God, with others, with the world and with ourselves.*
