

## Compton All Saints C of E Primary School

# Welcome to Falcon Class 2018/2019

We hope everyone had a great summer - welcome back to the year 6s and a warm welcome to the year 5s. We will be holding a 'Meet the Teacher' meeting after school on Friday 7<sup>th</sup> September where we can give you more information about the routines and expectations in Falcon Class. If you have any questions, please do feel free to come and see us – we do follow the children out at the end of the day and so are available on the playground then. If you do not pick up your children, then please feel free to e-mail the school and we will get back to you as soon as possible.

An overview of our learning this half term can be found below.

### Science

Electricity: Scientific symbols to draw circuits, experimenting with the brightness of bulbs and loudness of buzzers and creating models using motors.

### History

A study of the monarchs since 1066 and how they have affected our country.

### French

Revising greetings.  
Describe your appearance and your hobbies.

### RE

As a school we will be starting a new scheme of work. As part of this the children will be investigating what Christians believe what God is like.

### Riotous Royalty

Autumn 2018 - First half term  
**Learning Behaviours focus:** Inventive and Reflective  
**School values focus:** Compassion

### Art

Portrait painting  
Sketching – line, tone and shading

### PE

Strike and field games  
Gymnastics

### Computing

Digital Literacy – Coding to make games using Scratch

E safety: Safe passwords and being a digital citizen

### PSHE

New beginnings  
Looking at the World – global issues  
RRR – Rights to a voice and an education

**English:** We will be studying *The Lion, The Witch and The Wardrobe* by C.S. Lewis. Here are some of the things we will be learning about using this text: inference from texts; creating atmosphere in narratives; using dialogue to convey characters in narratives; fronted prepositional phrases; relative clauses; commas and semi-colons.

**Maths:** Reading, writing and ordering numbers; rounding numbers; negative numbers; mental and written methods: addition, subtraction, multiplication and division; BIDMAS; square and cube numbers.
