

Hedgehogs Class  
Autumn Term 1 Curriculum Letter

10<sup>th</sup> September 2018

Dear Parents and Carers,

Welcome back to a new school year and for many of you a new class. I am very much looking forward to getting to know our new children and families. We've had a very positive start. The children have been fantastic, settling happily and quickly into the rhythms and routines of school life again.

Our topic this term is '**Heads, Shoulders, Knees and Toes**'. Please see the **Topic Web** detailing what the children will learning on the reverse of this letter and the accompanying **Homework Grid**. Your child has also brought home their spelling book so that you can see the sounds they are learning this week in Phonics and help them to practise their spelling sentences.

Please do send in cardboard boxes from your recycling as the children in Hedgehogs Class love junk modelling!

If there is anything at all you wish to discuss then please feel free to pop in any day after school for an informal chat or to make an appointment should the need arise for a more formal meeting.

Many Thanks,

Miss Carter
